

New York State STEM Education Collaborative
2019 STEM Education Summer Institute
July 28th to July 30th, 2019

A Call for Presenters and Poster Presenters

***“STEM Connects ALL:
Never Too Early – Never Too Late”***

The N.Y.S. STEM Education Collaborative (www.nysstemeducation.org) and Alfred State-SUNY College of Technology will jointly present the 2019 STEM Education Summer Institute being held at Alfred State- Alfred, N.Y.

We are announcing a **call for both successful classroom presentations Poster and presentations** for this Institute. The presentations will be one hour or two hours (hands on) in length and held in AV equipped classrooms, computer labs, or lecture halls. The posters will be displayed and presented during two separate one-hour poster sessions (one on Sunday eve. and one on Monday eve.). Eighteen CTLE Professional Development hours will be provided thanks to you our presenters.

Audiences:

Presentations are invited from pre-service teacher candidates, in-service teachers, school administrators, math, science, technology & engineering educators, practicing engineers, educational technology specialists, higher ed. faculty and practitioners to share ideas on STEM / STEAM and ELA education.

Important dates:

Proposal submission begins:

OPEN NOW ,

Presentation proposal submission deadline:

April 15th , 2019

Notification to presenters & poster presenters acceptance:

April 19th 2019

Presenters confirm their participation to NYSSEC

May 3rd 2019

Presenters please register by this date.

May 24th 2019

Depending on the topic and Institute schedule, we may ask you to present a poster and/or presentation even though you proposed the opposite. Presenters' registration fees will be **50%** of regular attendees.

Topics:

The NYS STEM Education Collaborative promotes the inclusion of multiple STEM subject areas using integrated activities and instruction. All proposals will be evaluated based upon their ability to meet these goals. STEAM proposals, integrating STEM disciplines along with the arts or communication are encouraged.

Format:

Title: Should have no more than 10 words

Abstract: Stay within a maximum of 120 words.

Submission:

Proposals should be submitted online at: <https://goo.gl/forms/v66LtODFqnm7UBRT2>.

Your abstract will also be included in the print and online programs for the institute. Conference programs and topics from our previous institutes can be found on our website.
